

GFF VOLUNTEERS "AREA OF INTEREST DESCRIPTIONS"

BUILDER

If you are handy, like to work with your hands, or have a gift in construction, this is where we would love for you to serve. Often time we have needs to fix fences, repair broken welds, build shade structures, or create new living environments for the creatures that live here. If you have any expertise in welding, electrical, building, construction, woodworking, etc. this is the field of interest for you!

PRAYER TEAM

Prayer is our first weapon of defense here on the farm. If you have room in your prayer life to lift up the needs and praises of our farm we need you on this team! For those people who like to serve in this capacity we ask that you would share with us the best way to contact you when we have a prayer request. The prayer team meets quarterly to pray as a group here at the farm the first weekend in October, January, April and July. Times will be determined according to the schedule of the farm.

FUND RAISER

Are you gifted with raising money? We are looking for motivated people with a passion for Rescuing horses and Mentoring kids to help financially promote our farm in the community. If you are gifted in grant writing or corporate investing this is the area where we want you. Helping organizations realize we are a 501-c3 and run fully on financial gifting is a BIG DEAL!

MECHANIC

Do you like to tinker or are mechanical in nature? Do you know your way around broken down equipment or can fix a flat with your eyes closed? If so, this is definitely a need here on the farm! If you have the time to donate an afternoon a month or an hour a week helping us fix-up our “broken downs”, we won’t turn you down!

HOUSEKEEPER

Is your gift keeping things nice and neat? We are looking for people who would be willing to wipe down saddles, disinfect helmets, sweep out the Resource Room, run the vacuum in the Trailer, and/or clean the toilet. Everyone finds their niche here at the farm, and this one might just be yours.

GREETER

The last Saturday of every month of our season all the families of the farm come together for a night we call the “Trough”. It is a night of fun and games, food, campfire songs, and a time of reflection. It is always important to have someone at our front gates welcoming our guests. If you like talking to people with a warm welcoming smile, this is where we would love to see you!

STALL MUCKER

Usually every volunteer at one time or another has the opportunity to begin volunteer life at the farm mucking stalls. It is not one of the classiest jobs on the farm, but it is mindless, builds your muscles, and allows you to interact with the horses. If you don’t mind spending 20-30 minutes cleaning house for our horses, we welcome you to this job!

OFFICE ASSISTANT

Some people are just born to work behind a desk! This job is for the person who likes to keep our files updated and orderly, schedule routine vet appointments, check supplies in the

Resource Room and help us stay on top of the health logs for the horses. This is a flexible job that can be done once a week, or in an afternoon or two a month.

OPERATOR

Do you like to talk on the phone? If so, this would be the job for you! This job requires you to schedule students and volunteers, make reminder phone calls, and answer incoming emails regarding volunteers. You would be working very closely with Aly in this position.

VOLUNTEER COORDINATOR

This is not a position for the light-hearted person. We are looking for someone who can organize the volunteer program, respond to new and prospective volunteers, delegate, and be able to handle conflict resolution. This position will work closely with the Operator and Aly. Excellent communication and leadership skills are needed to volunteer here.

SESSION SCHEDULER

Your job will be to work with the families of the children coming to the farm and schedule them for a month at a time. This position will require you to respond in a timely manner with parents wishing to schedule their children here at the farm or re-scheduling them. New families may wish to schedule a tour of the farm and meet their child's mentor. This will be part of this volunteer position. Lastly, you will be reporting weekly to each mentor letting them know of their upcoming schedule. This person will work closely with Aly and the Operator.

TROUGH VOLUNTEER

If you like to organize games, sports, or events this is the area of interest for you. At the beginning of each month this person(s) will meet with Aly via phone or in person to put together the events leading up to the night of the Trough. It is helpful if this person is available the night of the trough to come an hour early to set-up. If you are not into planning, maybe you would like to help "tear down" the tables, throw away the trash, and put out the campfire at the end of each Trough. This person needs to be enthusiastic and people oriented.
